Hayssen Flexible Systems to Exhibit LOGIC Bagging System at Expo Pack Mexico 2015

GREENVILLE, SC — May 7, 2015 — Hayssen Flexible Systems will present its ever-expanding line of vertical and horizontal form/fill/seal packaging solutions at Expo Pack Mexico 2015, held Tuesday, June 16 through Friday, June 29, at the Centro de Exposiciones in Banamex, Mexico City. Stop by Barry-Wehmiller Booth #2012 to see the featured LOGIC vffs bagger and learn about Hayssen Flexible Systems' range of equipment. The recent integration of Hayssen, Rose Forgrove, Sandiacre, Schib and Simionato has considerably enhanced the company's product lines for flexible packaging.

Hayssen Flexible Systems is pleased to showcase the latest LOGIC vffs bagger at Expo Pack Mexico and encourages visitors to come see it in action. The LOGIC, a premiere high-speed offering from our Simionato brand, is ideal for a large range of bag shapes, including D-bag, quad, block bottom and pillow. The LOGIC features high-speed intermittent motion with precise film control and a modular design for easy changeovers and future reconfigurations. Simionato offers complete packaging line solutions, and the LOGIC will be on display with live demos of integration with a volumetric cup filling unit. To schedule an appointment in advance contact Francisco Contreras, Latin America Sales Manager, at +52 55 5813-7770 or at Francisco.contreras@hayssen.com.

ABOUT HAYSSEN FLEXIBLE SYSTEMS

Hayssen Flexible Systems specializes in advanced flexible packaging technologies and services for a broad range of markets worldwide and is a dominant player in the candy, nut, bakery, snack food, frozen food, fresh produce and cheese industries. From its U.S.-based packaging technology center and packaging laboratory, Hayssen Flexible Systems remains at the leading edge of technology in its field, developing new advancements in vertical and horizontal form/fill/seal packaging machinery, horizontal flow wrapping machinery and computer combination weighing technology.
