Integrated system part of Thiele Technologies showcase at Pack Expo 2016

MINNEAPOLIS, Minn. – Oct. 14, 2016 – [Thiele Technologies](http://thieletech.com) will give Pack Expo 2016 attendees plenty to talk about with a wide variety of machinery on display.

Thiele Technologies is one of a number of Barry-Wehmiller companies represented in [BW Packaging Solutions](#), which will be in booth #S-2100 at Pack Expo 2016, Nov. 6-9 in Chicago, Ill. These companies can collectively provide a single piece of equipment to fully-integrated, tailor-made packaging solutions for a wide range of industries, including: food and beverage, personal care, container manufacturing, pharmaceutical and medical devices, household products, paper products and textiles, industrial and automotive, and converting, printing and publishing.

In addition to having a number of machines in booth #S-2100, Thiele technology will also be on display as part of an integrated system. The integrated system features a [Streamfeeder TF 1250 Friction Feeder](#) which advances a square card onto a conveyor. The product is placed onto the cards and then fed into fellow BW Packaging Solutions company, [Hayssen Flexible Systems'](#), [Rose Forgrove Integra](#) Flow Wrapper. Wrapped product will exit single-file to be picked and placed by a [FANUC M-1/A 0.5SL](#) robot which will relocate it 90° to another conveyor and place in a 3x3 pattern. The grouped product will feed into a Thiele [ITL Integrated Top Load Case Packer](#) utilizing a [FANUC LR Mate 200id](#) robot to load the product six layers deep into an erected and bottom-sealed case.

Also at Pack Expo 2016, [Hudson-Sharp Machine Company](#), part of Thiele Technologies, will be featured on the Innovation Stage at 12 p.m., Wednesday, Nov. 9. Representatives from Hudson-Sharp, L'Oréal, and Exothermix will present their collaborative effort that brought a self-contained heating solution idea from L'Oreal to market. Hudson-Sharp will also showcase its Pouch Machine Technology at the Barry-Wehmiller booth, #S-2100.

BW Packaging Solutions encompasses a number of Barry-Wehmiller businesses – Accraply, BW Container Systems, Design Group, Hayssen Flexible Systems, Paper Converting Machine Company, Pneumatic Scale Angelus, Synerlink and Thiele Technologies. At Pack Expo 2016 in booth S-2100, BW Packaging Solutions will host a "Packaging Challenge" forum and special appearances by Barry-Wehmiller CEO Bob Chapman, who recently released his book, *Everybody Matters: The Extraordinary Power of Caring for Your People Like Family*.

ABOUT THIELE TECHNOLOGIES, INC.

Thiele Technologies, Inc. is a leader in the design, manufacture and integration of high-speed packaging solutions for a variety of industries, including fresh and frozen food, pet food, beverage, brewery, dairy, bakery, pharmaceutical, health and beauty, chemical, horticulture, industrial goods, paper goods, medical devices, and consumer mailing and collating. Our complete range of end-of-line packaging machinery includes placing, feeding, bagging, cartoning, case packing, robotic, palletizing, premade bag, pouch equipment, and reclosable packaging solutions for a broad range of domestic and international markets.

ABOUT BARRY-WEHMILLER

Barry-Wehmiller is a diversified global supplier of engineering consulting and manufacturing technology for the packaging, corrugating, sheeting and paper converting industries. By blending people-centric leadership with disciplined operational strategies and purpose-driven growth, Barry-Wehmiller has become a \$2+ billion organization with 11,000-plus team members united by a common belief: to use the power of business to build a better world. CEO Bob Chapman shares the story of the company's transformation in his new book, [Everybody Matters: The Extraordinary Power of Caring for Your People Like Family](#).
